Peter,

Here is the revised map. Does this look ok? Let me know if I need to make any changes.

Thanks,

*Candice Dennison*

*Dennison Excavation*

*390 south 600 east (PO Box 251)*

*Mount Pleasant, UT 84647*

Hi Aaron,

Here's the operation map that you should modify, as discussed the other day.

Hi Aaron,

See the attached map. If this is acceptable to you as is, let me know and I'll print it out and include it as part of your Notice. I don't know if I spelled Tom's name right.

Since you will be regulated based on this map, feel free to make any changes you may want or need to. If you want to customize it somehow, feel free to mail (or scan and email) it back to the Division. Feel free to call if questions.

Peter

Peter,  
Attached is the updated NOI and a copy of the bond paperwork. Please let me know if you need anything further.

Thank you,

 **5-13-15 SIGNED INCREASE RIDER.pdf** 790K (not included here - hardcopy to arrive soon)

 **Updated Notice of intention to commence mining operations.pdf** 216K (only changed page was page 4, attached)

MAY 18 2015

Div. of Oil, Gas &amp; Mining

2. **Is the project within an incorporated area?** ( ☒ ) Yes ( ☐ ) No  
If yes, what is the town or city? Mt. Pleasant
3. **Location and Operations maps** must be plotted at a scale to accurately identify locational landmarks and operations details. All maps must include a north arrow, scale, appropriate labels, and title box including the mine name, township, range and section.
- a. The **general location map** must be the scale of a USGS 7.5 minute series map or equivalent (1"=2000') and identify new or existing access roads.
- b. The **operations map** (1"=200' or other scale as determined necessary by the Division) must be labeled and identify:
- The area to be disturbed;
  - The location of any existing or proposed operations including access roads, drill holes, trenches, pits, shafts, cuts, or other planned activities; and
  - Any adjacent previous disturbance for which the operator is not responsible.
- (Contact the Division for a list of consultants and land surveyors for mapping assistance.)
4. The proposed (5 acre or less) disturbed area (including access/haul roads) should be marked ON THE GROUND with metal T-Posts (or with some other marker of equal effectiveness). Markers should be appropriately spaced so that the next marker in either direction is clearly visible with the naked eye.

### III. **OPERATION PLAN** (Rule R647-3-106)

- Type of mining:** Surface ( ☒ ) Underground ( ☐ )
  - Mineral(s) to be mined:** Landscape boulders
  - Amount of material** to be extracted, moved, or proposed to be moved: Estimated 800 tons
- 
4. Will any **water, liquid chemicals, reagents, or other solutions** be used, produced or discharged as part of the mining or milling process? Yes ( ☐ ) No ( ☒ ) If yes, please describe (add extra pages if needed): \_\_\_\_\_
- 
5. Provide a brief **description of the proposed mining operation**, and onsite processing facilities (add extra pages if necessary). Removing surface rock that was previously dumped in wash. Cleaning up property for owner. Taking most rock (2ft-4ft rocks only), and leaving the rest. I commit to re-slope the mined area as I go.
- 
6. ( ☒ ) **New Road(s):** Length 600 (ft), Width 10 (ft)
7. ( ☐ ) **Improved Road(s):** Describe improvements that need to be made to existing roads to access the site, including the Length \_\_\_\_\_ (ft) and Width \_\_\_\_\_ (ft) of new disturbances.
- 
8. Total project surface **acreage to be disturbed:** 3 acres (acres) PLEASE SPECIFY EXACT ACREAGE (this will be used to determine surety bond amount – see #VI).
9. Proposed **startup date** (month, year): March 2015
10. Proposed **completion**, if known (month, year): March 2017
